SUMMARY OF THE REASONS FOR DECISION:

The computer image file entitled *08fukkid.jpg* is classified as:
Objectionable.

This classification is because the publication promotes and supports the exploitation of children for sexual purposes.

The publication is a computer image file containing a colour photograph. The photograph depicts a young girl lying on top of a slightly older boy. The girl is probably aged between six and eight, the boy between eight and eleven. Both children are naked, and the boy's erect penis is visible under the girl's stomach. The children are looking at each other and the boy's arm is around the girl's neck.

The sexual nature of the pose adopted by the children and the depiction of the boy's erect penis indicate the purpose of the image is to titillate the viewer. The publication promotes and supports the sexual exploitation of children by advancing the notion that children are suitable subjects for adult sexual arousal.

This publication is deemed objectionable under s3(2) of the Films, Videos, and Publications Classification Act 1993 (FVPC Act). Section 3(2) is a deeming provision that is inconsistent with and overrides the right to freedom of expression set out in s14 of the New Zealand Bill of Rights Act 1990.
